**Note: This installation should be made by a qualified service person and conform with local codes.**

Caution: To reduce the risk of electric shock do not remove cover. No user-serviceable parts inside. Refer servicing to qualified service personnel

## INTRODUCTION

The RK400 is a Card Cage for *NITEK* Modular Twisted Pair Video cards. It provides easy rack mounting and power to any *NITEK* Modular Card. It requires 120 VAC power and is only 3 rack units high. The Card Cage can hold up to ten Modular Cards.

## SYSTEM SPECIFICATIONS

<b>Size</b>	19"W x 10"D x 5.25"H
<b>Power Requirements</b>	120 VAC
<b>Capacity</b>	Ten Modular Cards

---

## INSTALLATION

The RK400 mounts easily in any standard 19" rack cabinet and is only 10" deep. Any Modular Card can be installed in any slot. Empty slots can be filled up with blank front covers. Part number for the blank front plates is **BP40** and they can be ordered separately from your distributor or *NITEK*.

## REVERSIBLE MOUNTING EARS

To reverse the ears, simply remove the 4 mounting screws per ear. Move ears to other side of cabinet. Reinstall mounting ears.

**NITEK**®
